Maximize Your Impact Leadership Series

Employees are often promoted to manager because they are highly effective at what they do, and organizations assume that these new leaders will continue to perform at the same level in their new role. It's no surprise that 60% of new managers fail in their first two years!

Set up your leaders—new in their roles, as well as those who have been around for a while—for success. Our six-session series, “**Maximize Your Impact**” goes beyond theory, providing practical tools and skills that your managers can immediately apply.

Topics include:

- Managing vs. Leading
- Enhancing Self-Awareness
- Communication Styles Using DISC Profile
- Leading Through Change & Conflict
- Building a High-Performance Team
- Showing Up as a Leader

Join us twice a month for :

- An interactive two-hour, live instructor-led virtual workshop focusing on a variety of key leadership topics.
